

# Covid 19 Update

The Dungeon is closed for business until California goes to stage 3 for both My health and yours. In addition I have been extremely isolated, not even eating take out.

**\*\*Myself and My live in sub are at risk\*\***

Once California does go to phase 3 these will be the new protocol adjustments to minimize the risk til further notice.

\*Masks will be required and not provided.

I will wear a mask and so will you.

I will also be wearing gloves.

\*You will take a shower before the session in the Dungeon bathroom.

\*I will be doing extra sterilizing in the studio before and after sessions.

\*There will only be one session slot available to book per day.

\*My rates will stay the same at this time but I reserve the right to change My decision once I see how much extra equipment and cleaning time is necessary.

\*Forced Bi sessions, cuck sessions, fetishes involving your mouth or spit, are on hold at this time.

**Thank you to My loyal customers who have supported Me during this forced leave of absence. You mean everything to Me.**
